The House reassembled at twelve of the clock,

MR. DEPUTY CHAIRMAN in the Chair.

WRITTEN ANSWERS TO STARRED QUESTIONS

Food plazas and ATMs at stations

†*61. SHRIMATI MAYA SINGH: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is a fact that his Ministry has introduced schemes for opening food plazas and ATM facility at various major stations of the country;

(b) the date of introducing both the said schemes and the names of stations on which these have been introduced;

(c) the total amount spent on operation of these schemes; and

(d) the benefits to common man due to the same?

*Not recorded.

† Original notice of the question was received in Hindi.

THE MINISTER OF RAILWAYS (SHRI LALU PRASAD): (a) and (b) Yes, Sir. The First Food Plaza under IRCTC came up in Pune on 05.05.2002. As on date IRCTC is managing 38 Food Plazas over Indian Railways. The list of food plazas is given in Statement-I (See below).

There are 86 ATMs installed over Indian Railways (as on 31.7.06). The list of ATMs is given in Statement-II (See below). In addition, Memorandum of Understanding (MoU) has been signed with seven nationalized banks, viz., State Bank of India (SBI) (on 04.8.2006) and with, Bank of Baroda, Canara Bank, Dena Bank, Indian Bank, Punjab National Bank and Union Bank of India on (22.11.2006), for installation of ATMs for 1393 locations. A period of 15 months for SBI and 12 months for other banks have been provided in the MoU for identification of location and installation of the ATMs.

(c) and (d) Food Plazas are multi-cuisine food outlets which give variety of choice of food/beverages. The rate of items of food plazas are market determined. Food Plazas are established by way of public-private partnership. ATMs are being installed by the banks at their own cost.

By the provision of Food Plazas at stations the railway customers will get variety of standard food/beverages quickly as per need of the customers in a hygienic environment. They will not need to plan for such necessities, in our fast lives, while going to catch a train or on reaching the destination. Similarly, by provision of ATMs, the railway customers will be able to withdraw cash and get status of their transaction, balance etc. in the station premises itself thereby saving customers' time.

Damage of crops by insects

†*62. SHRI SURENDRA LATH: Will the Minister of AGRICULTURE be pleased to state:

(a) whether it is a fact that crops worth about Rupees ninety thousand crores are damaged every year by insects;

(b) if so, the efforts being made by Government to prevent the damage being caused by these insects;

(c) the steps taken by Government during the last one year for easy availability of insecticides; and

(d) the quantity of insecticides used per hectare in the country?

THE MINISTER OF AGRICULTURE (SHRI SHARAD PAWAR): (a) There are no scientific estimates of crop losses due to pests, weeds and diseases, as the damage depends on various factors *inter-alia*, weather conditions, crop cultural practices, plant protection practices etc. However, the crop losses due to pests, weeds and diseases is approximately
